Copy of registration certificate of design obtained in foreign country	- if any	on available

[3] examination

There is no substantive examination step for design application in Cambodia. The Cambodia Registry just conducts only the formality examination with the alternate publication for the design application.

formality

The examination as to formalities will be commenced from the filing date. The duration will be within three [03] months.

Time limit to make the response to the Office Action is two [02] months counted from the issued date of the notice.

publication and grant

After formality examination stage, the Registry shall publish a reference to the registration and issue the certificate of design.

Normally, the whole duration for obtaining a Patent for design will take about twelve [12] months from the filing date.

[4] deferment of publication

The deferment of publication is available in a period of twelve [12] months from the date of filing or priority date. In this period, the owner cannot institute court proceedings against any person or legal entity who infringes his/her industrial design.

[5] term & renewal

Term of protection of design is five [5] years from the filing date and renewable twice, each for five years, that is the maximum term of protection of design is fifteen [15] years.

ACTIP Corporation · © 2001 - 2013

A six-month grace period is allowed for the late payment of the renewal fee, with an additional surcharge.
