Our design team counsels clients on the full range of design patent protection through our offices in Vietnam, Laos, Cambodia and Myanmar, including:

- conduct patentability searches and studies;
- conduct validity and infringement searches and studies;
- re-draft drawings in-house;
- prepare, file and prosecute design patent applications at the Patent Office;
- handle expedited and accelerated design patent prosecution;
- provide advice and analysis regarding Office Actions from the Patent Office;
- draft opinions, amendments, petitions and appeals to the Patent Office;
- arrange personal interviews with Patent Examiners;
- license design patent agreement;
- negotiate and draft design patent license agreements;
- monitor and manage design patent annuities and portfolios;
- enforce design patents.
